**April 30, 2021**

**9 a.m. - 3 p.m. CT, on campus**

**Presenter: Dr. Jason Winkle**

Imagine the impact we could have in our parishes, organizations, and world if we intentionally worked to grow our capacity to serve others while leading others to do the same. The linchpin for connecting with others is a high emotional intelligence quotient (EQ). This workshop will examine leadership development through the lens of intentional EQ development of ourselves and others.
